FOUR KILLED AT EUFAULA AND FIVE SERIOUSLY INJURED: MILLION DAMAGE

PASTOR OF METHODIST CHURCH IS AMONG VICTIMS OF STORM.

Aviation Field Swept

POLLARD, LEESBURG, AMERICUS AND OTHER TOWNS ARE RAKED BY WINDS.

(International News Service.)
EUFULA, March 6.—With four known dead and five or more seriously injured, workers today began clearing away debris in the effort to locate any other bodies that might be buried in the ruins following the disastrous tornado which swept this district late Wednesday.

The property loss is estimated at near \$1,000,000. Every telephone line to this town is down and only one telegraph wire is open, while practically every road is clogged with trees or has been washed away, making traffic difficult.

The known dead are:
Rev. W. P. Dickinson, pastor of the Methodist church.

E. J. Searcy, a broker.
Dr. J. L. Adams, optician.
S. F. Lawton, traveling man, of New Bedford, Mass.

The injured are:
J. C. McKee, merchant.
Mrs. Emma Northrup.
Miss Alice Wells.
John Whitlock.
G. W. Whitlock.

The injured are all residents of this city.

Considerable damage was done at Lumpkin, Ga., at Leesburg, Ga., and Americus, Ga., where the southern aviation field is located.

\$200,000 damage was done at Pollard, Ala., and reports indicate serious damage at Hoke's Bluff, Ala.

(International News Service.)
MONTGOMERY, March 6.—In a tornado which swept southern Alabama late yesterday one man was killed, many hurt, many buildings smashed and property damage approximating \$500,000 was done.

At Eufaula it is reported that nearly every residence in the city was damaged and a number of business houses reduced to ruins. The body of E. J. Searcy has been recovered and it is feared other lives were lost.

At Pollard the business section, railroad depot and other buildings including a church were damaged.

At Plomaton the depot and a few small houses were destroyed. Practically all wires are down throughout southern Alabama.

Mrs. Moebes Dies After Short Illness

Funeral services will be held Friday afternoon at the Ninth Street Methodist church for Mrs. W. R. Moebes, who died last night of influenza and pneumonia following a short illness. The services will be conducted by Rev. Young, pastor of the Ninth Street church, of which Mrs. Moebes was a member. Interment will be made here.

Mrs. Moebes is survived by her husband; three young children; The resa, Rudolph and Walter Tate Moebes; her parents, Mr. and Mrs. J. H. B. Rowe; a sister, Ora Lee Rowe; two brothers, Orval Rowe and Oscar Rowe, the former of Birmingham.

Baby Tanks Will Sell Victory Bonds

MEET TONIGHT.

The Central Labor Union will meet tonight at 7:30 o'clock at the Odd Fellows hall on Second avenue.

SOLDIERS WARNED TO REGISTER THEIR DISCHARGE PAPERS

OFFICIAL EXPLANATION OF COLLECTION METHOD IS RECEIVED TODAY.

Claims Paid In Order BONUS IS NOT PAYABLE TO HEIRS OF ANY DECEASED SOLDIER.

Discharged soldiers today were warned against filing their certificates of discharge without registering the letter in which it is sent to the Zone Finance office at Washington for collection of the \$60 government bonus.

The Morgan county local board today received official notice of the passage of the bonus bill and the method of collection. It was made public by Secretary Draper and Chief Clerk Davidson. It follows:

Section 1406 of the Revenue Act approved February 24, 1919 authorizes the payment of a bonus of \$60.00 to officers, soldiers, field clerks and nurses of the Army upon honorable separation from active service by discharge, resignation or otherwise. This bonus is not payable to the heirs or representatives of any deceased soldier.

Those who are discharged hereafter will receive this bonus on the same roll or voucher upon which they are paid their final pay.

Those who have been discharged and have received their final pay without the \$60.00 bonus, should write a letter to the Zone Finance Officer, Lemon Building, Washington, D. C., stating their service since April 6, 1917, the date of last discharge and their present address to which they desire their bonus checks to be sent and enclosing with this letter their discharge certificate or military order for discharge and both, if both were issued.

Upon the receipt by the Zone Finance Officer, Washington, D. C., of this information and the soldier's discharge certificate, this officer will cause checks to be drawn and mailed to the claimants in the order in which their claims were received by him. The discharge certificate will be returned to the soldier with the check.

It is estimated that at least one million and a quarter persons have been discharged from the service who are entitled to the benefits of this Act and while payments will be made as expeditiously as practicable, it will manifestly take considerable time to write and mail this many checks.

HILARY HERBERT DIES SUDDENLY

FORMER SECRETARY OF NAVY PASSES AWAY AT TAMPA

WASHINGTON, March 6.—One of the finest destroyers of the navy is to be named the Herbert for Hon. Hilary Herbert, secretary of the navy from 1893 to 1897. Secretary Daniels announced this afternoon.

MONTGOMERY, March 6.—Col. Hilary A. Herbert, secretary of the navy during the second administration of President Cleveland, died suddenly at Tampa, Fla., early this morning. Although in his 85th year, he was apparently in vigorous health and the announcement of his death came as a shock to his large family connection here. Six grandsons of Col. Herbert are with the American forces in France.

3 Appointments Received Today

Three appointments for New county officials were received this morning by Judge Troup from the Governor's office at Montgomery. They are: J. M. Powell as a notary public at Falkville; J. R. Two-Cent Postage After July First

To commemorate the successful outcome of the war, the Postoffice Department will shortly issue a "Victory Stamp" of the 3-cent denomination, local postal officials announced today.

The design of the new stamp presents a standing figure of Liberty, with a background composed of the American flag. At the left are draped the British and Belgian flags and at the right the Italian and French flags.

A comparatively small number of the stamps will be issued, hence they will be supplied only to patrons who request them in preference to the regular 3c stamp.

The issue of the new stamp will be small because of the fact that postal rates on first class mail will go back to two cents on July 1, 1919, according to section 1102 of the 1918 revenue act, approved June 15.

SUBTLE ENEMY PROPAGANDA SEEN IN THE "OFFING" IN WHICH GERMANY HOPES TO SAVE MUCH FROM WRECK

By HARRY WARD.
(International News Service Staff Correspondent.)

WASHINGTON, March 3.—"The measure of German defeat lies not so much in what happened on the western front, but in the liberation of the subject nationalities of Austria-Hungary, and in the destruction of the German dream of domination of the East through the erstwhile German vassals, the Hapsburgs, and the clique of nobility and militarists which surrounded the dynasty."

In these words Charles Pergler, a former Chicago newspaperman and now Commissioner of the Czechoslovak Republic in the United States, sums up the crumbling of German hopes for world domination.

"Austro-Hungary was Germany's bridge to the east," he declared. "Through her she hoped to reach Asia, and also permanently to dominate Russia. A leading British publication at the outbreak of the war declared that the international position of Bohemia at the close of the struggle would be the test of victory or defeat. The Czechoslovaks today are independent and by that token the associated civilized governments and people have won a decisive victory."

"Yet a good deal remains to be done and the German has not given up hope of saving much from the wreck. Only a few days ago the press carried a dispatch informing that the new German foreign secretary declared Germany would not submit to any sort of peace conditions the Allies may seek to impose; that they would not submit to a peace of might. A change of government does not necessarily mean a change of heart, a change of mental attitude."

Of these we fail to see any real evidence. The German revolution, so-called, occurred not because the majority of Germans appreciated that the original German aims were iniquitous, immoral, if not wholly barbarous, but that the German government was wholly unsuccessful in achieving these aims; in other words, because it failed to conquer."

"The duplicity of German methods, even following the armistice, is best illustrated by the fact that only a while ago the Vienna Government, through Otto Bauer, complained that the Czechoslovaks failed to supply Vienna with foodstuffs and coal. That Vienna had been plundering the Czechoslovak lands for the first years of the conflict was not mentioned. It now also appears that the Czechoslovaks furnished Vienna with the quantity of coal asked for. At the same time that this coal was being delivered in Vienna the German-Austrian Government was sending arms into Bohemia to the German minority there for the purpose of occupying the very mines from which this coal came, and to enable this German minority to create trouble and disturbance."

"All this goes to show that we are still dealing with a subtle enemy propaganda, which is designed to sow distrust among the Allies, great and small. And it behooves us to be on our guard, not to trust reports from sources which savor so much of the methods of von Bernstorff, Dernburg, von Papen and Bismarck. We must especially be on our guard against stories that the new nations of mid-Europe in any fashion seek to oppress the minorities which unavoidably will be included in the new States."

METHODISTS PLAN CENTENARY DRIVE

DIRECTOR'S MEETING HELD AT DECATUR FIRST CHURCH.

A meeting of the pastors and church directors of the missionary centenary was held in the First Methodist church of Decatur Wednesday. After devotional services by Rev. Foster K. Gamble of Birmingham, J. 3. Parks of Nashville, W. H. Stockham of Birmingham who is the conference director of the eight day drive, and Dr. J. L. Gunter of Albany, district director, were introduced to the body. Dr. Gunter presided at the meeting.

Mr. Parks presented the standard plan of the drive to be made the last of April and first of May. The whole of the morning session was taken up in the discussion and study of this plan.

At noon the delegates were served inner at the Hotel Hilda, after which they returned to the church and gave further consideration to the plan of organization in each local church leading up to the big drive. This plan is full but comprehensive and perfect in detail.

The pastors and directors present were enthusiastic and fully confident that the Decatur district will go over the top when the drive is made.

CHES. DAVIS RETURNS TO THE MASONIC NEXT WEEK

What is claimed to be the most important booking of the season will take place next Monday night, March 10th when Ches. Davis will return with his big Musical Revue for a week's engagement at the Masonic Theatre.

"Ches." needs no introduction to the theatre-going public here and his name is a good brand guarantee of an extraordinary attraction.

This year the company consists of twenty people and they carry their own big "Jazz" orchestra.

The company is returning here after a triumphal tour of all the largest cities in the south leaving a trail of public endorsement behind them.

The Jackson (Miss.) Daily News says of the show this year. "If Jackson theatre goes bad always got a much good fun, singing and dancing for \$2 as they received last night for 50c there would have been less kicking on the high price of theatricals."

CANCELS ALL SOCIAL ENGAGEMENTS AT PARIS.

(International News Service)

ON BOARD the George Washington, March 6.—President Wilson hopes upon his arrival in Paris to make every possible effort to hurry the work of the peace conference and to get the entire peace program before the plenary session for its approval so that he can return to Washington at the earliest possible moment. All plans for presidential visits have been cancelled.

The voyage to Europe is continuing uneventful. The weather is excellent.

Mrs. J. R. Roberson Dies at Cropwell

Funeral services are being held today at Cropwell, Ala., for Mrs. James R. Roberson, sister of J. T. and T. M. Jones, of Decatur who died Tuesday at the family homestead at Cropwell. Interment will be made in the family cemetery there. Mr. and Mrs. T. M. Jones and John W. Jones are in Cropwell to attend the funeral.

Mrs. Roberson is survived by her husband and two sons, also. She was the first in a family of ten to die.

Funeral is Held For Mrs. Ramage

Funeral services were held this afternoon at 2:30 o'clock at her late residence on Line street for Mrs. Elmer Ramage who died yesterday afternoon. Interment will be made here, Rev. Davenport, pastor of the First Methodist church, conducting the services.

Mrs. Ramage is survived by two sons, H. A. Ramage and Dr. L. J. Ramage, of Decatur and one daughter, Mrs. L. H. McDaniel, of Chattanooga. The pallbearers were: B. E. Preuit, Fred Hunt, Foster Pointer, J. W. Cunningham, D. D. McGehee, Seneca Burr.

25,000 Men From Overseas Arrive

(International News Service.) NEW YORK, March 6.—New York today witnessed the largest one-day arrival of returning troops since the signing of the armistice. 12,000 men of the 27th division arrived as well as 13,000 additional men who arrived during the run of the day.

MONEY SENT HOME BEFORE BIG BATTLE

Doughboys "Cleaned Pockets" for Home Folks, When Return From Fight Was Uncertain. Y. M. C. A. Has Delivered Millions of Dollars For Amex.

Paris, Feb. 6.—The steady selfishness of the American soldier shown by the way he "cleaned his pockets" of money before going into action, to be sent home if he didn't come back, is told by W. J. Baker of Portchester, N. Y., who served eleven months as a Y. M. C. A. worker with the 26th Division. His particular charge was the third battalion of the 103rd infantry. He joined that unit on the St. Mihiel front, went with them to Chateau Thierry, and later was in the famous St. Mihiel clean-up and the drive before Verdun.

"It was just before that action began," said Baker, "that I saw the faces of the boys. They 'cleaned their pockets' for the folks at home. They knew they were going up against the real thing, and they wanted all their money to go home in case they never came back. In all, I was entrusted with 8,000,000 francs—upwards of \$1,500,000—before that attack. We handled such funds through the regular Y. M. C. A. service established for sending money from soldiers to relatives in America."

Baker lived with his battalion, and saw lively times, as the "Yankee Division," as it was called, was kept on the fighting front almost continuously.

GIRLS HAVE WAVY, THICK, GLOSSY HAIR FREE OF DANDRUFF

Save Your Hair! Double Its Beauty in a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome produces a feverishness and itching of the scalp; the hair roots fash, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? (Adv.)

Editor Pierce Tells of Huntsville Flood

LIGHT AND POWER PLANT WAS PUT OUT OF COMMISSION.

J. Emory Pierce, editor of the Huntsville Times, was here today and told of the torrential rainfall at Huntsville Tuesday night, when much damage was done.

"The flood waters ran so high that the power plant of the Alabama Power Company was put out of commission for a number of hours," said Mr. Pierce. "It was the worst rain-storm that Madison county has had in years."

NAPOLEON'S MAXIMS OF WAR

Rules Laid Down by Great Soldier Were Followed Almost Literally by General Foch.

Napoleon was a prolific war maxim-maker. His maxims number more than a hundred. Many of them are as true today as when they were made, observes London Anvers.

"In war," said Napoleon, "there is never more than one favorable moment. The great art is to seize it and use it well."

Foch seized the "favorable moment," and in a month not only saved the situation, but turned the tables on the enemy. He "concentrated his troops and acted with energy," as Napoleon laid down.

Commonsense—the application of wisdom to "circumstances"—is Foch's maxim, as it was Napoleon's. Napoleon has written: "Plans may be modified ad infinitum according to circumstances, the genius of the general, the character of the troops, and the features of the country."

Napoleon insisted upon the study of past campaigns. "The science of strategy," he said, "is to be acquired by experience and studying the campaigns of all great captains."

Foch has been a lifelong student of military history. In the spring he was acting up to Napoleon's dictum—"the measure which is not profoundly meditated in all its details produces no result." When Foch was ready he "dared at the right moment." For 20 years past Foch has been "profoundly meditating" the details of the strategy which has given him such signal success.

RANK HIGH IN POLITENESS

Belgians Unable to Forget Courtesies Though Death in Appalling Form Was Imminent.

The Belgians are the most polite people in the world. Yesterday seven correspondents traveled to Audenarde. We were informed that we might cross the Escourt and proceed in the direction of Ghent. As our two motor cars came over the ridge before entering the town they were spotted by an eagle-eyed observer in the German lines, and as we reached the entrance of the town and left from our cars, preparing to enter on foot, a shell whizzed over our heads and exploded dully in a rain-soaked field 50 yards beyond the road. Another followed about the same distance short. Then they came so fast that I lost count. Gas shells they were, and we donned our masks and made for the cars.

The lieutenant in charge of our party bowed to the oldest correspondent and bade him enter the car. The latter, being Belgian, in turn bowing to his neighbor, motioned him into the car. He demurred, and then followed some Alphonse and Gaston moving pictures until someone motioned to me to enter the car. I did. Then they all piled in. And as we raced down the road two Thiel shells spitefully splattered along the muddy road.

Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

MANY PEOPLE SUFFERING NOW WITH COLDS

Because They Don't Know What To Do.

People often try to cure a cold with cough drops and sprays when the real way to find relief is to go to the seat of the trouble and eliminate it through the bowels.

If you are suffering with neuralgia, headache, have bad breath and feel half sick, take two Laminine Wafers, "The Ideal Laxative," tonight, and to-morrow you will feel bright and fresh, and all without the slightest discomfort. Eat them like candy, and do not go another day feeling poorly when you can easily feel well and strong. Laminine Wafers have a peculiar toning effect upon the bowels and are especially useful in eliminating cold. There is nothing else like them. Do not accept anything else. AMUSEMENTS

MANY NOTABLE PLAYERS IN "SECRET STRINGS."

"Secret Strings," the Metro play which will be the attraction at the Delite theatre today, consists of a notable cast of distinguished players who are known throughout the country. Olive Tell, star of the production, who will be seen in the role of Janet Jewell, is a young emotional actress of versatility and talent. Her record on stage and screen annals is without a parallel for rapidity of achievement.

William J. Kelly, seen in the role of the high class crook,—the same part played by Lou Tellegen in the large production—is one of America's foremost romantic actors.

Marie Wainwright, playing the rando dame role, is one of the few remaining members of the "old school" of the drama which did so much toward winning international recognition for the American stage. Miss Wainwright has appeared on the silver screen exclusively in Metro pictures, her debut on the screen being made in "Social Hypocrites," in which day Allison was starred.

"POM-POM"

Few musical productions have come to the Masonic theatre, Albany, so well recommended as "Pom-Pom." It bears the endorsement of a whole season in New York where it received the praise of press and public. Also it is from the popular and pleasing pen of Anne Caldwell who supplied Montgomery and Stone with one of their greatest successes. But apart from this it is a Henry W. Savage production which is synonymous with excellence. Then again the music is by Hugo Felix, of Paris, who has taken his place amongst the recognized composers of popular offerings. And to add to it all the scenic effects and costumes were devised by Joseph Urban, of Europe and America than whom there is no superior. Then Mr. Henry W. Savage assembles a cast headed by that volatile and delicious favorite, Edith Thayer best known for her work in "Fire Fly" and adds to her support such well known performers as Jane Carroll, Betty Webber, Beatrice Cliff, Grace Hunter, William J. McCarthy, Ed. M. Favor, Tom Walsh, Frank E. Squire, Charles Prince, William Ritter, Charles Angelo, James S. Ryan, William C. Allery, Fred Bond and Larry Lawrence. These, with a beautiful chorus of girls who have speaking lines make an ensemble that is difficult to equal. It may be added that "Pom-Pom" has an honest-to-goodness plot and story behind it. It deals with the adventure

of a young actress who is to make her debut in a play known as "Pom-Pom." She is in boy's clothes and is mistaken for the real article and kidnapped. After that her adventures are many and weirdly amusing.

Could Work Both Ways.

A tall, gaunt-looking person recently entered an hotel in London and applied for a room. The price he was willing to pay entitled him to lodgings on the top floor of the house. Among his belongings the proprietor noticed a roll of rope. Upon being asked what the rope was for, the parson replied: "That's a fire-escape; always carry one with me now in case of a Zeppelin raid or fire, which I understand, often occur here, and then I am able to let myself down from the window without troubling anyone." "Yes," replied the landlord, stroking his chin reflectively; "seems like a pretty good idea, but guests with fire-escapes pay in advance at this hotel during the war."

LONG WEAR AND ECONOMY

"Last year I purchased a standard make of shoes, and in sixty days the soles were worn through. I had them re-soled with Neolin Soles—which lasted me six months in the same service that wore out the other soles in two," writes E. A. Lancaster of Lancaster & Company, jewelers, Greenville, Tenn.

Mr. Lancaster's experience with Neolin Soles is not unusual. Millions of people can testify to their long wear and economy. To reduce your shoe expense, buy Neolin-soled shoes. You can get them in many styles for every member of the family.

Neolin Soles are created by Science to be comfortable and waterproof as well as long wearing. Good repair shops carry them. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1600 the govern-

ment of the Netherlands granted a special charter authorizing its sale. The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. Their use restores strength and is responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

War Council on Retirement Announces Cash and Supplies Contributed.

WORKERS WILL "CARRY ON"

Five Big Societies in World Wide Plan. H. P. Davison Heads International American Red Cross Commission. Dr. Livingston Farrand Permanent Leader of Peace Organization.

Washington.—(Special).—Henry P. Davison as chairman issues the following statement on behalf of the War Council of the American Red Cross:

"To the American People: "The War Council of the American Red Cross appointed by President Wilson on May 10, 1917, to carry on the work of the American Red Cross during the war, at their request and by vote of the Central Committee, ceased at midnight, February 28.

"Immediately the armistice was signed the War Council instituted studies to determine when the strictly war work of the organization would have been sufficiently matured to enable the direction of affairs to be resumed by the permanent staff. Henry P. Davison, being in Paris when the armistice was signed, summoned a conference there of the heads of all the Red Cross Commissions in Europe to canvass the situation. After considering all the factors it was concluded to make the transition on March 1. The very fortunate choice of Dr. Livingston Farrand as the new chairman of the Central Committee and thereby the permanent chief executive of the Red Cross, makes possible the consummation of this plan under the most favorable conditions.

Accounts Audited by War Department. "Detailed reports to Congress and a complete audit of its accounts by the War Department will constitute the final record of Red Cross activity during the war. Although it has been the rule to make public all expenditures when authorized and to give detailed information relative to all work undertaken, the War Council in turning over its responsibilities to Dr. Farrand and his associates desire to give a brief resume of Red Cross war time activities to the American people, to whom the Red Cross belongs, and whose generous contributions have made possible all that has been accomplished.

"During the past nearly twenty-one months the American people have given in cash and supplies to the American Red Cross more than \$400,000,000. No value can be placed upon the contributions of service which have been given without stint and oftentimes at great sacrifice by millions of our people.

"The effort of the American Red Cross in this war has constituted by far the largest voluntary gifts of money, of hand and heart, ever contributed purely for the relief of human suffering. Through the Red Cross the heart and spirit of the whole American people have been mobilized to take care of our own, to relieve the misery incident to the war, and also to reveal to the world the supreme ideals of our national life.

"Everyone who has had any part in this war effort of the Red Cross is entitled to congratulate himself. No thanks from anyone could be equal in value to the self satisfaction everyone should feel for the part taken. Fully 8,000,000 American women have exerted themselves in Red Cross service.

Has Over 17,000,000 Adult Members.

"When we entered the war the American Red Cross had about 500,000 members. Today, as the result of the recent Christmas membership Roll Call, there are upwards of 17,000,000 full paid members outside of the members of the Junior Red Cross, numbering perhaps 9,000,000 school children additional.

"The chief effort of the Red Cross during the war has been to care for our men in service and to aid our army and navy wherever the Red Cross may be called on to assist. As to this phase of the work Surgeon General Ireland of the U. S. Army recently said: "The Red Cross has been an enterprise as vast as the war itself. From the beginning it has done those things which the Army Medical Corps wanted done, but could not do itself."

"The Red Cross endeavor in France has naturally been upon an exceptionally large scale where service has been rendered to the American Army and to the French Army and the French people as well, the latter particularly during the trying period when the Allied World was waiting for the American Army to arise in force and power. Hospital emergency service for our army in France has greatly diminished, but the Red Cross is still being called upon for service upon a large scale in the great base hospitals, where thousands of American sick and wounded are still receiving attention. At these hospitals the Red Cross supplies huts and facilities for the amusement and recreation of the men as they become convalescent. Our Army of Occupation in Germany was followed with Medical units prepared to render the same emergency aid and supply service which was the primary business of the Red Cross during hostilities. The Army Canteen service along the lines of travel has

Algerian Flour Mills. Algeria possesses some 70 or 80 flour mills, scattered throughout the three departments of Algiers, Constantine and Oran. These mills have a total of 6,000 horsepower, employ between 1,000 and 1,500 workmen, and handle daily about 1,500 metric tons of hard and soft wheat, or approximately 400,000 metric tons per annum. There are also a large number of small, primitive establishments in Algeria, which tend to disappear in competition with modern equipment.

WAR COUNCIL IS SOON TO FURNISH FOOD TO GERMANS

HUN HORDES TO BE FED BEFORE
THE DANGER MARK IS

AMERICAN OPPOSITION RECOGNIZED Now Believed in Paris That Terms of Peace Covenant Will be Modified.

(International News Service)

PARIS, March 7.—That the draft of the constitution of the league of nations will be radically amended, thus discounting American opposition, is a strong belief held in certain circles today. American opposition caused a big sensation in Paris. However, it cannot be forgotten that the French demands for strengthening the league by the creation of an international armed force is likely to aggravate further the fears of certain "old-fashioned" American statesmen. Responsible Americans in Paris agree that the opposition of Senator Lodge and others will be worn down by the force of American public opinion. It is learned authoritatively that the British agree with President Wilson that without the league of nations the peace treaty would be "only a scrap of paper."

(International News Service)

PARIS, March 7.—Provisioning of the central empires to prevent hunger, unrest and the spread of Bolshevism was again considered by the war council today. It was generally agreed among the delegates of the big five that the countries making up the old German alliance should be fed before the danger mark is reached. There is a strong sentiment among the peace commissioners that any further delay in sending food into Germany might prove perilous.

MISS SIMPSON TO REMAIN IN OFFICE

HARTSELLE POSTMASTER WINS OUT AGAIN IN LONG FIGHT.

Hugh Roberts, Washington correspondent of the Birmingham Age-Herald, has written the following article for his paper in regard to the Hartselle post office fight:

Washington, March 6.—(Special.)—Miss Elizabeth Simpson is a very lucky lady if continued possession of the postoffice at Hartselle may be considered luck. The government has been trying to find a successor to Miss Simpson for two years the coming May. The chances are that the government will not have succeeded at the expiration of several years flowing May.

Miss Simpson was postmaster when the Underwood-Hobson campaign broke upon a peaceful state. Miss Simpson, along with the great majority of the people, thought that Senator Underwood should be elected. She accepted the post of secretary of the Underwood committee at Hartselle, and at that post did very effective work.

Following the election, some patron of the office, possibly piqued at the result, complained regarding the service of the postmaster. The department ordered an inspection, and the inspector recommended that a successor to Miss Simpson be named. At the instance of Senator Underwood another inspection was authorized. The second inspector, also, made an adverse report.

The difficult job was thereupon undertaken to select a postmaster who could guarantee improved service over that rendered by Miss Simpson. One or more names suggested found little favor at Washington. And then a competitive examination was agreed upon. The man who won out was Walter Speagle.

Now, Mr. Speagle, according to report, is an excellent man. But he is a republican. So when the President sent his name to

U. S. MAY LAY ITS OWN CABLES

(International News Service.)
PARIS, March 7.—The U. S. does not intend to remain at the mercy of other nations in future so far as her cable communication is concerned. This fact stood out today following the initial discussion of the cable situation by the peace delegates. The American envoys took the position that America cannot take the risk of being cut off from communication with any other part of the world, and if necessary the U. S. will lay her own cables.

WINDOW CONTEST IS EXPECTED TO DRAW BIG CROWDS SATURDAY

Curtains to Go Up Tomorrow Afternoon at Three O'clock. Many Entries.

The window dressing contest inaugurated by Albany merchants will be the big feature of tomorrow afternoon, and already there are indications that a big crowd will be down town for the occasion. Promptly at 3 o'clock the curtains of the many

windows entered in the contest will go up, and there will be revealed to view a most artistic display of everything from ladies' ready-to-wear to groceries. The judges will announce the awards of the prizes offered by the Merchant's Association.

MERCHANTS TO AID MALONE IN MAKING AUTO SHOW SUCCESS

MORE THAN THIRTY WILL CO-OPERATE IN BIG EXHIBITION.

Committees Are Named

BOOTHS ARE DRAWN FOR AT MEETING LAST NIGHT AT THE GARAGE.

At a meeting of thirty manufacturers and merchants, and it was an enthusiastic, buoyant assemblage, at the office of the Malone Coal, Grain and Motor Co. last night it was determined to co-operate to make the third annual automobile show, to be given on April 16, 17, 18 and 19 the biggest event of the kind ever held in the south.

F. F. Tidwell presided with A. G. Patterson, secretary, and committees were appointed to begin at once to arrange for displays of many lines of endeavor on which time and money will not be spared to give displays of manufactory and merchandising. Booths have been assigned and it is a safe prediction that an exposition will be given that will attract thousands of people from North Alabama and show them what this section of the country can and will do.

The moving spirit in the enterprise, B. L. Malone and his company in the past two years gave exhibits of a character that surpassed anything of a similar kind ever given in the south, and all former efforts will be eclipsed this year. Many novel and interesting features will be had and the management in co-operation with the enterprising business man will give a show that will advertise the cities far and wide.

Lots were drawn for booths resulting as follows:
Large Booths: Hughes & Tidwell No. 13; Schimmell & Hunter No. 1; Sivilley & Sandlin No. 6; Kelley & Hawk No. 17; Patterson Mercantile Co. No. 2; Morgan Furniture Co. No. 18.
Small Booths: Ory-Cohen No. 4; Spielberger No. 7; Majlock No. 14; Ory No. 10; C. A. Moore No. 5; Decatur Ice Cream Co. No. 11; Wilder & Ezell No. 3; Kuhn No. 16; Spenske, Echols & Speake No. 12; Norton No. 15; Winton No. 9; Daily No. 8.
The following committees were ap-

Living Models Appear Saturday In Local Window

A feature of the window-dressing contest tomorrow will be the appearance of living models in the south window of the Ory-Cohen store from 5 to 6 o'clock. These models will be unusually attractive ladies, and they will appear in fashion's latest creations from the eastern centers.

MOON REQUESTS FORMATION NEW GUARD UNIT HERE

WANTS NAMES OF POSSIBLE MEMBERS WHO CAN PASS THE EXAMINATION.

Company is Ignored

NO MENTION MADE OF PRESENT ORGANIZATION IN MAJOR'S LETTER.

Another phase of the muddled military situation here and in other cities of Alabama was aired in a letter received here today from Major Hartley A. Moon, acting Adjutant General of the state. Major Moon's letter takes up the organization of the new Alabama National Guard as an entirely new thing and asks that persons interested in the formation of the guard communicate with the Adjutant General's office and that information regarding organization will be furnished.

The letter was addressed to the Secretary, Chamber of Commerce, for attention of the Military Committee. No reference is made to the company already organized here by former Adjutant General Virgil Evans, who gave the commanders permission several days ago to disband, in a letter addressed to the citizens of Albany and Decatur. It was charged that the state administration had failed to give the company organized here and those organized in other cities proper aid.

Major Moon suggests that a list of possible members of the new guard be obtained and furnished the Adjutant General's office. His letter follows:

Albany, Ala.
(For attention Military Committee.)
Dear Sir:
The active reorganization of the Alabama National Guard, under the provisions of the National Defense Act of 1916, will commence actively when the National Government has formulated and fixed the military policy of the United States. It is the desire of the State that such steps be taken in the various communities, where units of the Alabama National Guard might be organized, as will advance the formation of possible organizations as far as practicable, such as getting a list of the names of young men between the ages of 18 and 45 who can pass the required Army physical examination, and getting in touch with young men who have had previous experience as officers in the United States Army, who might take a lead in working up these organizations. Under the National Defense Act, a National Guard Unit in any community will not only be an asset to the State and the United States as a military factor, but will bring into that community several thousand dollars annually from the Federal Treasury in the form of Army pay for officers and enlisted men.

Wakes in Night to Find Brother Dying by Side

David Kelley Aroused by Moans, Summons Aid, But Monroe Dies Before Physicians Can Reach Scene.

David Kelley, returned soldier, was awakened about 2 o'clock this morning by the groans of his brother, Monroe M. Kelley, as they lay in bed at the Polk House, in Decatur. David arose immediately and realizing the serious condition of his brother called for medical aid, but the latter died in twenty minutes before physicians could arrive on the scene.

Acute indigestion, from which Mr. Kelley had been a sufferer for several years, was given as the cause of death.

The two Kelley brothers came here late yesterday afternoon on the Louisville and Nashville and intended to remain over night, leaving this morning for Lawrenceburg, Tenn., where the deceased made his home. They stopped at the Polk house.

Mr. Kelley said today his brother did not appear to be very ill last night when they retired, but both were tired and the sudden awakening in

the early hours was the first intimation he received of the critical condition of Monroe.

The body was taken to the home of Mr. Kelley's brother-in-law, E. P. Childs, 303 Ninth street South, this morning where it will remain until Saturday when it will be taken to Cullman for interment. Funeral arrangements have not been completed but it will be held there.

Mr. Kelley is survived by his wife and four children; mother, Mrs. W. G. Kelley; five brothers, L. G., N. W., J. H., S. H. and D. W. Kelley.

Gorman Jones, Croix de Guerre Winner, Is Home

Lieutenant Gorman Jones, one of the local boys who put Morgan County on the military map, is back.

Modestly and unassumingly wearing his Croix de Guerre and bearing another citation for bravery in action, he came home yesterday afternoon to resume civilian life. He was discharged at Camp Gordon Tuesday and immediately headed for Alabama.

Lieutenant Jones was given the war cross for bravery in a trench raid on August 18 when the Germans attempted to take an American trench and were driven off. It was his busy day, however, for he was captured later, escaped and rejoined his company. He was wounded twice and was cited for bravery the second time during the September offensive.

MANN HOLDS ON TO WHIP HANDLE

DEFEATED FOR SPEAKER HE STILL NAMES COMMITTEES

(International News Service.)
WASHINGTON, March 7.—Representative Mann, of Ill., continued today to direct the organization of the next house under republican rule. The republican committee on committees, which Mann saved by a coup, even his bitterest opponents admitted left them powerless to combat the seniority rule he forced upon them, and continued to distribute standing committee assignments as Mann desired them distributed.

REDS BENEFITED BY INTERVENTION

SAYS RED CROSS MAN JUST BACK FROM RUSSIA

(International News Service.)
WASHINGTON, March 7.—Armed American intervention in Russia did much to strengthen the Bolshevik movement and to enhance the power of Lenin and Trotsky, Col. Raymond Robins, former head of the American Red Cross commission to Russia, today told a senate committee.

MRS. WYKER MADE COUNTY CHAIRMAN FOR VICTORY LOAN

WOMEN'S ORGANIZATION BEING WHIPPED INTO SHAPE BY MRS. McNEEL.

Responses Are Received

STATE LEADER MEETING WITH MUCH ENCOURAGEMENT FROM WOMEN WORKERS.

Mrs. John D. Wyker, of Decatur, has been named Morgan county chairman by Mrs. John D. McNeel, of Birmingham, state director of the fifth Liberty Loan campaign. Mrs. McNeel is rapidly getting her organization in shape for the opening of the campaign. She has been in communication with active women workers over the state with a view to selecting the best material possible to head the county organizations.

A story from Birmingham says the responses to her invitations to serve as county chairman have been of a most encouraging nature and she states that she expects to have everything in shape within a few days.

Many Chairmen Named.
In addition to Mrs. Wyker, other county chairmen appointed up to the present time are announced by Mrs. McNeel yesterday as follows:
Calhoun, Mrs. Stephen Thompson, Anniston.
Limestone, Mrs. Elma R. Cartwright, Athens.

To Muster Out Fighting Fourth at Montgomery

Mobile, Ala., March 7.—The 167th regiment of the Rainbow Division, which is the old fourth Alabama, will be demobilized at Camp Sheridan, Montgomery.

This information came today from W. N. Clemens, secretary of the Mobile chamber of commerce, who is in Washington. Clemens called on Secretary Baker and told him that the men of Alabama believed that if the boys should be demobilized at home this would prevent them from securing work elsewhere and the boys would be at a great advantage.

NEW FOOD POLICY.

(International News Service.)
LONDON, March 7.—The allies are seeking a new Russian policy for the supplying of food, said a Paris dispatch today. The new policy was said may involve a measure of recognition for the Bolsheviks.

AMERICA'S ANSWER TO WILSON'S PLEA.

What will be America's answer to
Mr. Wilson's League of Peace? The
splendid reception given the Presi-
dent at Boston and New York may
be taken as a partial answer; the at-
titude of certain well-meaning gen-
tlemen in the senate of the United
States is not an answer. The aver-
age citizen generally understands
that there is a presidential election to
be held next year and the national
pastime must be played for the edifi-
cation of the grandstands.

America's answer to the proposal
for a League of Nations to police
the world and banish war must rise
in no uncertain tones to make it heard
in the capitals of Europe. The peo-
ples and the governments of our al-
lies must be made to know by our
attitude that a few newspapers and
a few recalcitrants in our congress do
not represent the view of the great
majority of Americans. The Presi-
dent has no fear that his position will
not be sustained by the people and
his proposed speaking tour, on his re-
turn will give him clear and ringing
answer to his confidence.

For the League of Nations must
not fail. The war will almost have
been fought in vain if nothing more
than the subduing of the Boche is
accomplished. One can as well im-
agine the Northern Army in our
civil war conquering the Confederate
army and after Appomattox failing to
take advantage of the victory to force
the signing of the American union.
We have fought a war not only
against the Germans and their allies,
but a war against war and militar-
ism itself. Can we afford not to
pluck the fruits of our victory?

The sixty thousand American dead
who lie under the sod of France will
have sacrificed their all for only a
material gain if something to prevent
future wars is not accomplished. The
millions of British, French, Italian
and Belgians who have answered
their last reveille will have died in
vain. We cannot fail our dead! The
world must not suffer such a blight-
ing flame of war again.

"If ye fail us, we cannot sleep
In Flanders Fields"

The fact that the first allied ship
has just passed through the Kiel ca-
anal since war was declared more than
four years ago is a good tip to the
peace conference as to what to do to
the German naval defenses.

Henry Ford has announced that he
will make a cheaper car than the
famous "Lizzie." Will it be a Daisy?

The signs indicate that a certain
senator is going to Borah number of
audiences with his League of Nations
addresses.

The buying public should look into
those attractive show windows that
Albany merchants are going to un-
veil Saturday afternoon.

Recent maneuvers of republican
senators suggest that "G. O. P." still
spells "good old pie."

Herbert Hoover is probably right
in insisting that a hungry man makes
the best Bolshevik.

JUST IN PASSING

POLLING THE PRESS.

The Literary Digest is now polling
the newspapers of the nation with
the view of ascertaining the opinions
of the editors regarding the League
of Nations. The newspapers are
asked to state the sentiment of their
community regarding the Wilson
idea, their own views and their po-
lities. The result of the poll will be
published in the Digest when com-
pleted.

WHOSE WORRY IS IT?

"While I was in Chicago recently,"
said J. A. Miller, "I was told that a
notice had been posted in a saloon
there in reference to the coming of
national prohibition on July 1 which
read like this: 'Don't ask us what
we are going to do after July 1; what
in the h-ll are you going to do?'"

THE DISTRESS

"The best medicine of mind and char-
acter—courtesy, sympathy, self-man-
agement—have been lost on the hard
hearted distress."

**ANOTHER DEVELOPMENT
NATIONAL GUARD NATIONAL GUARD**
which under the administration of
Adj. General Evans appeared to be
flourishing like a bay tree, has only
slim prospects just now for organized
existence, following the injection of
politics into military affairs. Maj.
Hartley Moon, the acting adjutant
general, in a letter to the Albany
Board of Commerce published else-
where in today's Daily, asks for the
names of persons who might feel in-
clined to join the guard, but compla-
cently ignores the fact that a com-
pany was recruited here by his pre-
decessor and that local business men
furnished the money for financing
the recruiting campaign. The infer-
ence is that if Albany and Decatur
are to have a national guard com-
pany they must put up more money,
with no assurance that another storm
won't break just about the time the
second installment is paid. The mere
fact that one adjutant general is
pleased to overlook activities of the
man who held office before him seems
little excuse for imposing a system
of double taxation upon business in-
terests.

SEVEN GOOD YEARS.

Congratulations from a former
newspaper associate to W. R. Shel-
ton, organizer and now manager of
the Albany-Decatur Daily, for the
magnificent tribute to his seven years
of hard work in building a newspaper
that is now the pride of the "Twin
Cities." The forty-page anniversary
edition published February 26th re-
flects the message of success that
this newspaper has acquired in so
brief a period of time and were it
not for the fact that the guiding
spirit of the paper had not conducted
himself so as to merit the confidence
and co-operation of the entire busi-
ness life of the cities in which the pa-
per is published, so creditable edition
could not have been possible. Be-
fore launching the Albany-Decatur
Daily, Mr. Shelton was a valuable
member of the staff of The Demo-
crat and his friends here rejoice in
the success he has surely attained in
the daily field.—Maury Democrat,
Columbia, Tenn.

GERMAN CANNON FOR THE TWIN CITIES

Some several thousand bills direct-
ing the Secretary of War to turn
over captured German field pieces to
various towns and cities in the United
States as trophies for their parks
died with the adjourning of the sixty-
fifth congress.

The Daily is now informed that the
War Department plans to prepare an
omnibus bill which will provide that
these captured cannon will be distri-
buted to the governors of the states,
the number to be given each state
to be based on the number of men
each state had engaged in the war.

The Daily suggests that the Al-
bany Board of Commerce and the
Decatur Booster Club write at once
to Governor Kilby and put the name
of the Twin Cities in the pot for
several German field pieces. Al-
though it will be probably a year be-
fore the War Department will be
ready to make the distribution, it is
not too soon to put our claim before
the governor. The big relics would
look well on Second avenue, Bank
street, the courthouse lawn and at the
shop gates.

GROWTH OF FRATERNALISM SINCE THE ARMISTICE.

There has been a remarkable grow-
th and revival in fraternal organiza-
tions since the signing of the armis-
tice and the end of the world war.
Two national fraternal orders are now
organizing in the Twin Cities, the
Columbian Union and the Order of
the Owls. The local commandery of
the York Rite Masons of Albany just
this week organized a similar body at
Seffield. The Royal Arch Masons
will institute a like body tomorrow
at Athens. The Woodmen, the Junior
Order, the Knights of Pythias, the
Odd Fellows and a number of other
organizations here are apparently
growing more than before the war.
The various craftsmen of the local
shops have also organized into unions
as well as the local printers.

The end of the war was evidently
just the tonic the fraternal organiza-
tions needed and they are growing
and thriving in these piping times of
peace.

mittee, or other persons who might
organize and lead a unit of the Al-
abama National Guard? Ask them to
get in touch with the Adjutant Gen-
eral's Office for all details, which
will be promptly and gladly furnished.
If, in any community, it is thought
probable that a unit can be organized,

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move Poison From
Liver and Bowels at
Once.

Mother! Your child isn't naturally
cross and peevish. See if tongue is
coated; this is a sure sign its little
stomach, liver and bowels need a
cleansing at once.

When listless, pale, feverish, full
of cold, breath bad, throat sore, does-
n't eat, sleep or act naturally, has
stomach-ache, diarrhoea, remember, a
gentle liver and bowel cleansing
should always be the first treatment
given.

Nothing equals "California Syrup
of Figs" for children's ill; give a
teaspoonful, and in a few hours all
the foul waste, sour bile and fer-
menting food which is clogged in the
bowels passes out of the system, and
you have a well and playful child
again. All children love this harm-
less, delicious "fruit laxative," and it
never fails to effect a good "inside"
cleansing. Directions for babies,
children of all ages and grown-ups
are plainly on the bottle.

Keep it handy in your home. A lit-
tle given today saves a sick child to-
morrow, but get the genuine. Ask
your druggist for a bottle of "Califor-
nia Syrup of Figs," then look and
see that it is made by the "California
Fig Syrup Company." (Adv.)

DOCTORS SAY CALOTABS ARE BEST FOR FLU

Influenza and Grippe, Like Ordinary
Colds, Require Calotabs, the Per-
fected Calomel That Is Free From
Nausea and Danger of Salivation.

Physicians and druggists claim that
the great epidemic of influenza has
conclusively demonstrated that the
quickest cure for a cold and the best
preventive of influenza and pneu-
monia is to keep the liver active so
that the digestive organs may be in
perfect condition. For this pur-
pose Calotabs, the new nauseless cal-
omel that is freed from the sickening
and salivating effects, is the most
thorough and dependable, as well as
the most agreeable laxative.

Calotabs have the special advan-
tage of not making the patient sick
and weak, as they are free from the
nauseating and griping qualities and
do not upset the digestion and appe-
tite. One Calotab at bed time with
a swallow of water—that's all. No
salts, no nausea, nor the slightest in-
terference with your eating, pleasure,
or work. Next morning your cold
has vanished, your liver is active, and
you are feeling fine with a hearty ap-
petite for breakfast.

For your protection, Calotabs are
sold only in original sealed packages,
price thirty-five cents. Sold by all
druggists and your money back if you
are not glad you got them.—(adv.)

Ugh! Calomel Sickens; Salivates! Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crumbles into your bile like dynamite, cramping and sickening you. Calomel attacks the bowels and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children as well.

All Choked Up With Catarrh? Why Continue Makeshift Treatment?

Sprays and douches will never cure you.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing painful and difficult breathing and other discomforts. But the real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface.

To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which completely routs from your blood the Catarrh germs, for which it is a perfect antidote.

S. S. S. is sold by all druggists. If you wish medical advice as to the treatment of your own individual case, write to-day to Chief Medical Adviser, Swift Specific Co., Dept. B, Atlanta, Ga.

Dr. J. W. Crow, who was called to Hartselle on account of the illness of his father, who is improved, has returned.

Earl Calvin is improving after an attack of influenza.

Catarrh Vanishes

Here is One Treatment That All Sufferers Can Rely Upon. If you want to drive catarrh and all its disgusting symptoms from your system in the shortest possible time, go to your druggist and ask for a Hyomei outfit today.

Breathe Hyomei and let it rid you of catarrh; it gives such quick relief that all who use it for the first time are astonished.

Hyomei is a pure pleasant antiseptic, which is breathed into the lungs over the inflamed membrane; it soothes the sore spots, and heals all inflammation.

Don't suffer another day with catarrh; the disease is dangerous and often ends in consumption. Start the Hyomei treatment today. No stomach dosing, no sprays or douches; just breathe it—that's all. (Adv.)

Why do we Say You Ought to Buy Our Suits?

BECAUSE

We believe they are more dependable, cheaper and more desirable.

More dependable because of the extreme care of the manufacturers in the selection of the material of which they are built.

Cheaper to you because of our willingness to pass them along to you on a fair margin of profit on a safe plan.

More desirable because of a small label stitched inside the coat pocket which is a sign to you that they are made under fair conditions to your fellow man and not thrown together under conditions of starvation.

AMUSEMENTS

The speaking cast of "Pom-Pom" is an unusually long one. In fact there are thirty speaking parts so that there is always something doing. This successful comic opera produced by Henry W. Savage had a remarkable run in New York where it was universally praised by press and public. With an exceptional cast, headed by Edith Thayer, "Pom-Pom" will be seen at the Masonic Theatre on Saturday, March 8th. The successful ingredients that makes this musical effort a record breaker were a plot by Henry W. Savage, a book and lyrics by Anne Caldwell, who used to fit Montgomery and Stone so beautifully, a musical score by that famous Parisian composer, Henry Felix, scenery by the world renowned Joseph Urban, a chosen chorus that peaks lines and a specially selected cast headed by Edith Thayer, who will be remembered for her virile playing of the title role in "The Firefly," and which includes such names as Jane Carroll, Betty Webber, Grace Hunter, Beatrice Cliff, Ed M. FAVOR, Tom Walsh, Frank E. Squire, Charles Prince, William Ritter, Charles Angelo, James S. Ryan, William C. Alry, Fred Bond and Larry Lawrence. Such a cast is worthy of such consideration. The musical numbers of "Pom-Pom" are of the starchy, whistly variety and lingering in the memories of theatre goers. Then, too, the book contains a logical story that sustains all of the action incident to its promise.

RABBIT SKIN FOR LEATHER

Possibility That Tanning Process Has
Been Discovered That Will
Solve Big Problem.

At present in Annonay, France, an
earnest effort is being made to intro-
duce rabbit skin leather in shoe mak-
ing. Annonay is in the valley of the
Rhone, just south of Lyons. It was
there about 75 years ago, that a chem-
ist devised a tanning process in which
the hair was removed from the pelt
of a rabbit without damage to the
skin. Previously no one had been able
to remove the hair without injuring
the pelt.

The chemist had his process tried
out for a short time, but it did not
prove to be a commercial success and
the rabbit-skin shoe came to be only
a memory. Less than ten years ago
some Germans got hold of the old
chemist's formula and began to manu-
facture rabbit leather.

At one of the industrial exhibitions
in Germany in 1909 there was a display
of 250 styles of shoes made of rabbit
skins. The exhibition won first prize
in the department of footwear. Now
the French have taken up the work of
the old chemist of Annonay and are
manufacturing shoes out of rabbit
pelts.

DEALERS SEEKING DECATUR'S BONDS

UNUSUAL SITUATION DEVELOPS
IN THE PAVING PLANS OF
MUNICIPALITY

An unusual situation in municipal
affairs was discussed by the Decatur
City Council last night in regular ses-
sion when a letter from Terry, Briggs
and Company, bond dealers of Toledo,
O., was read expressing the desire of
the company to take municipal bonds
aggregating \$130,000, authorized by
the city several years ago to pave a
number of Decatur streets.

Following the authorization of the
issued and the contract for sale of
them, made with the Toledo company
during the administration of the late
P. J. Edwards, an injunction was
granted citizens protesting against
the work and the whole paving pro-
gram was held in abeyance pending
the outcome of the cases in court.

The injunctions since have been
dissolved in favor of the city and the
municipality allowed to carry out the
contract and issue the bonds.

When the city council passed the
paving measures, the character of
material to be used and the streets to
be paved were designated but since
that time the prices of materials have
advanced so greatly officials today
stated that the original program
could not be carried out with the
funds the bonds will net.

The council, after discussing the
matter, referred the letter to the city
attorney for an opinion and it will
probably be taken up at a later date.

TURNER TO SPEAK AT S. S. MEETING

LOCAL MAN WILL LECTURE ON
CHURCH AND RELIGIOUS
EDUCATION.

"Organizing the Church for Reli-
gious Education" will be the subject
of a series of lectures to be given at
the State Sunday School convention
in Mobile, April 8-9-10, by H. L.
Turner of Albany.

For some time past the Sunday
School superintendents and officers of
the state have been asking for a
definite course of training and prepa-
ration for their work; the lectures
to be given by Mr. Turner are planned
to assist in meeting this need.

These lectures will be in the form
of lessons, to be given each afternoon
of the convention. The speaker is
said to be especially qualified for
this task, having served for some
years as the Sunday School field sec-
retary of the Presbyterian U. S. A.
church, and in addition being at the
present time the State Administra-
tive Division Superintendent of the
Alabama Sunday school association.

FORD MAY BUILD NASHVILLE PLANT

NASHVILLE, Tenn., March 7 (Spe-
cial).—Much interest has been ar-
oused here by the publication of a
press dispatch from Los Angeles,
Cal., stating that Henry Ford will
build an automobile factory near this
city for the manufacture of a car that
will sell for \$210. It was stated that
Mr. Ford and his son would dispose
of their Detroit plant.

Emperor Blocks Street Traffic.

The presence of the imperial family
and the court in Tokyo makes the city
far more conservative than those of
the provinces. Automobile owners in
Tokyo lag behind the rugged farmer-
of the Middle West in progress, and
Tokyo will wait for hours to use
streets over which the emperor is to
pass. This willingness to suspend
business on such occasions is less en-
lightened and officials are making these
ceremonies less burdensome than for-
merly, when whole districts of a mod-
ern city were tied up simply because
the emperor was returning from his
summer palace in Nikko, Osaka is
more modern in spirit.—Maynard
Owen William, in the Christian Her-
ald.

Their War Aims.

The Boche was a typical wide fore-
headed Boche, with big horn-rimmed
spectacles and a larger rotundity. It
was possibly that rotundity which had
prevented him getting away with the
others when the British troops scared
off the German party that was trying
to cut their wire. He was a valuable
prisoner, too, for he spoke English like
a native. He had been, he told them,
a professor of German in England for
many years.—Capt. R. F. W. Rees.

children and old men who were sent
out of that part of France which was
occupied by Germans for more than
four years presented pitiful spectacles.
Many of these refugees were little
lots whose fathers and mothers had
been taken away by the cruel Boche to
work in Germany or behind the fight-
ing lines. Others were orphans.

"Your Nose Knows"

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Tuxedo uses chocolate—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is why a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable—

"Your Nose Knows"

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

SELECTED COTTON SEED FOR PLANTING

Why should you plant seed that will produce not less than 7-8-inch staple — BECAUSE —

First—By an Act of Congress ALL cotton tendered on future market MUST have a staple 7-8-inch or more in length.

Second—The government will no longer purchase cotton goods UNLESS made from cotton of standard length staple.

Third—The mills and cotton brokers are now telling you that they will not buy short staple cotton next season.

Fourth—This means that if you continue to grow short staple cotton that you will be forced to sell it next season at greatly reduced price.

Now, in order to assist you in meeting this IMPORTANT DEMAND, we are receiving in carload lots the following planting seed: Cleveland Big Boll, Hites Prolific and Express. These seed are put in 3 and 3 1-3 bushel bags, guaranteed to be pure and free from insects. They are recommended and indorsed by the cotton mills, brokers and farm demonstrators.

HITES COTTON SEED

One week later than Kings. Leaves forked—letting in more sun light. Experiment station report free from anthracnose and boll rot and red spider. 85 bolls to pound; gins 40 to 42 per cent; probably the smallest of all cotton seeds. Largely double-jointed. Extraordinarily prolific. Some plantation at Augusta report two bales per acre. Sometimes 10 to 16 boll are found on a limb 10 inches long. Staple usually one inch long.

EXPRESS COTTON SEED

(Lint 11-8 to 13-16). Most valuable Anti-Boll Weevil Cotton. Bred by government. The two Mississippi Experiment stations report first pickings of Express 400 pound more than any other cotton, and that it is the best cotton in Mississippi Delta and boll weevil lands. Ira W. Williams, government expert in cotton breeding, writes that Express Cotton is earlier than Kings or Simpkins. Felix Williams, employed by Ga. Com. Agl., writes that Express yields as much seed as the very best. The lint is 11-8 to 13-16 and in Miss. 11-4, which gives it 4c to 5c a pound premium. Bolls are fairly large. Gives us extra earliness productivity and lint length. Express is a triumph in cotton breeding and is proving a priceless gift to the boll weevil countries. A state college experiment made at Waynesboro, Ga., 1916, showed Express to be the earliest of nine cottons, as tried out; and from one acre first pickings made on Sept. 7th, and made in 4-foot rows a 400 pound bale of lint was made. First pickings 1917, Waynesboro test 1,404 lbs. Total two pickings 1,914 lbs. Tennessee Exp. station, earliest and most prolific cotton known. Miss Exp. station says: "Our earliest cotton."

CLEVELAND BIG BOLL

The most remarkable of all Big Boll Early Cottons. Has stood first in a ten years' procession of experimental station tests. Large bolls, 50 to 52 to pound. 50 per cent five locked. Has superior fibre; lint usually 1-6 inches. Free largely of anthracnose and boll rot. Gins about 40 per cent. Seed medium size fuzzy and brown-grey. Extra prolific. A grower of ours made 200 bales on 100 acres. Planted, Augusta, June 15th, made one bale to acre in one hundred days. In greatest use for years in boll weevil states. Sparse foliage. Can pick 100 bales of it while 71 small bales are being picked. At Augusta 90 per cent out in September. Everywhere the "Standard" Early Big Boll 1 to 1-6 inch.

Yours truly,
WALTON & COMPANY.

Miss Simpson to Remain in Office

the Senate, the Senate was so clogged with unfinished business, incident to the republican filibuster, that the appointments could not be acted upon. So Miss Simpson continues to hold office and will continue until her successor is confirmed.

Although the next Senate will have a republican majority, that majority would not confirm a man against whom either senator from his state should file objections. It seems, therefore, that Miss Simpson may sleep comfortably for the next year or two.

Huns Break Off Food Conference

LONDON, March 7.—Negotiations over supplying Germany food which have been in progress before the armistice commission at Spa have been broken off. The allies, it is said, demanded the entire surrender of the German merchant fleet without guaranteeing Germany any food supplies.

(International News Service.) WASHINGTON, March 7.—Representative Moore of Penn. today eliminated himself from the race for republican leadership in the next house, thus leaving the field open to Representative Mondell, of Wyoming.

WILSON TO GIVE PEOPLE THE FACTS

PRESIDENT TO LET VOTERS KNOW ALL ABOUT COVENANT

(By John Edwin Nevin)

ON BOARD THE GEORGE WASHINGTON, March 7.—I am able to state that President Wilson is planning to make every possible effort to lay all of the facts about the league of nations before the American people to let them know that the constitution as proposed represents the combined opinion of fourteen nations.

The President is entirely convinced that the people are with him, and he is evidencing the deepest interest in the wireless reports of the situation in America. The election of a democratic congressman from Pennsylvania deeply impressed the president. The uneventful routine of the voyage was broken today by a lifeboat drill in which both the President and Mrs. Wilson took part. The President is now completely rested and expects to reach Paris one week from today.

BODEMER IS GIVEN FINE PROMOTION

GOES TO LOUISVILLE AS SUPER-INTENDENT OF MOTIVE POWER.

C. J. Bodemer, master mechanic at the local shops of the Louisville & Nashville railroad for a number of years, has been promoted to superintendent of motive power and will have headquarters at Louisville, Ky., according to announcement received here today.

Since coming here to reside Mr. Bodemer has made many friends both within and without the shops, and his leaving will be a source of general regret. He is quite popular with L. & N. employees having endeavored himself to the men by his justice and impartiality.

FINE COWS TO BE SOLD SATURDAY

MANY VISITORS EXPECTED HERE TO ATTEND BIG AUCTION SALE

Many visitors are expected here Saturday to attend the auction sale of fine dairy cows by Clontor, Lane and Taylor. The sale will be conducted by Col. Perry, of Columbus, O., one of the best known auctioneers of dairy stock in the nation.

The sale will be conducted in Walker's stable on Second avenue.

A. Bernstein also has announced an auction sale of horses and mules to be held Saturday.

Certain Idaho Repubs Oppose Nations League

BOISE, March 7.—The lower house of the Idaho legislature is on record today as opposed to the league of nations. The legislature is republican, and late yesterday the lower body by a vote of 42 to 16 adopted a memorial to congress condemning President Wilson for his "defiant and dictatorial attitude" and urging the U. S. senate to reject any peace treaty which includes the present charter of the league of nations.

State Sunday School Supt. Will Speak

In the interest of Sunday schools a dinner will be given at 7:30 o'clock at the Lyons hotel on Monday evening, when Leon Palmer, state superintendent of Sunday schools will deliver an address. All those interested are cordially invited to attend. Tickets may be obtained from J. R. Calvin, A. J. Harris or Foster B. Pointer.

Time Brings Joy And Happiness

As the Hours Pass the Coming of Baby Draws Nearer—Are You Prepared?

No woman awaiting the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mother's Friend.

By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain, and nausea, nervousness, bearing-down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours of the crisis are naturally less. Pain and danger as a consequence is avoided.

Mother's Friend not only allays distress in advance, but assures a speedy recovery for the mother. The baby is born soft and smooth and natural and free from discoloration.

Write to the Bradford-Regulator Company, Dept. J, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and procure a bottle of Mother's Friend from the druggist. It is just as standard as anything you can think of.
